

## **Woof and Wine at Holiday House Pet Resort**

On Saturday, June 16<sup>th</sup>, Holiday House Pet Resort hosted a wonderful Woof and Wine party in order to warmly thank some of their most loyal patrons – the parents of their Doggie Daycare students! The event was well-attended and enjoyed by all who could make it.

In attendance were Holiday House owners Drs. Laura and Randy Weis, Doggie Daycare director Lori Busdeker, township supervisor Cynthia Philo, several doggie daycare teachers, and of course the parents that inspired the event – many with their pups in tow. All in all, the event saw close to fifty guests, making it one of the liveliest events the Resort has held to date.

Guests enjoyed perfect weather, engaging conversation, and beautiful music by national touring classical guitarist Michael Ghiggeri. Human guests also enjoyed a spread of fresh local produce, slow-smoked meats prepared by the Daycare Director's own husband, homemade breads, and a sumptuous dessert buffet – and of course a wide array of fine wines. Many guests also contributed to the festivities by providing signature drinks and hors d'oeuvres.

While their companions laughed and dined their way well past the event's expected end, canine attendees enjoyed a pool party of their own, spending the lovely summer evening splashing in the pool and romping with their furry friends.
