

Assistance Dog Awareness

Sometimes we are called Guide, Hearing, Emotional Support,
Medical Alert or Task Dogs.

Regardless of our title we all have a job to do.

When you see us working please **DON'T:**

Touch us

Talk to us

Distract us

**Don't approach us without
asking permission,
call us or try to feed us.**

**We are NOT pets, toys
or robots -**

we are someone's lifeline.

Respect us and let us do the jobs we are trained for.
